## Hey Ladies!

**Thank you so much** for joining me in the joyful experience that is Mally Beauty... Here, we love being a Girl, a Woman, truly celebrating and reveling in being Female!

**There is nothing I love more** than sharing my secrets and tricks with women so that they can feel their best. I want you to feel strong, sexy, and confident so that you can go out there and conquer the world. I want you to forget all that negative stuff you may have heard and realize that we are not all beauty clones. Love yourself... Whatever makes you different makes you beautiful, that's what I was always taught growing up. I want my makeup to become part of your beauty ritual. Whether you take three minutes to get ready or three hours, (yeah right!), I want to make products that make you look and feel sensational all day long. I want it to be easy and I want you to love every second of it.

**I have always loved makeup** and skin.

Since I was a child, I have put makeup on anything that was not nailed down. My parents were doctors so I just assumed that that's what I was going to be, but I couldn't deny my passion for makeup. So, I worked really hard, got a great agent that believed in me and years later, here we are. I found that I could do what I loved... Follow your dreams, they *can* become a reality!

**As much as I love working** with all those glamorous celebrities, what I REALLY adore is working with babes like you! In designing this line, I took all my years of tips and tricks and really thought about us REAL GIRLS and our needs. We have to go out and be Superwoman, look fabulous doing it, and get there in a snap. My stuff is fool proof, easy, gorgeous... no drama... just fabulous YOU!

**I've always loved the idea of all natural products.** It makes sense that in this day and age that we want products that are good for us as well as high performance. Problem is, every time I tried an all natural product they just didn't perform the way my celebrity clients or I needed them to. And what's the sense of having all natural if the makeup is not going to work or last for you!? I need my makeup to do me right!

**That's why I created Pro Natural Lip and Cheek Rouge!** Yes, this stuff is the answer to your prayers! All natural good for you ingredients BUT also makeup that lasts, stays where you put it, and looks like a dream come true... feels

great, smells like Heaven, performs better than anything! Feel free to put it anywhere you like... anywhere you want to look

healthy and glowy!  
Just tap your finger  
or a brush into the  
product and softly  
blend it on your  
cheeks, lips, wherever!
